# NHANCE NOW

Improve Recruitment Efficiency With Conversational Hiring

# This is your Hiring Team

All charged up when new hires are needed....

# However it gets chaotic a few days later...

Guess what. You are not alone.
70% of recruiting teams face these challenges globally!

# Leading to

## → Long Hiring Cycles

With a lot on the plate, hiring teams take longer to close positions.

### Drop in Quality

Great candidates slip through the net due to inadequate and timely engagement

### Low Pre-Screening

Lesser number of qualified candidates in interviews, resulting in loss of valuable hours every week.

# Try Conversational Hiring

A New Way to Hire Better using Recruitment Bots

# Advantages of Using Recruitment Bots

#### **Load Sharing** ←

Frees up your time by keeping candidates engaged through automated responses.

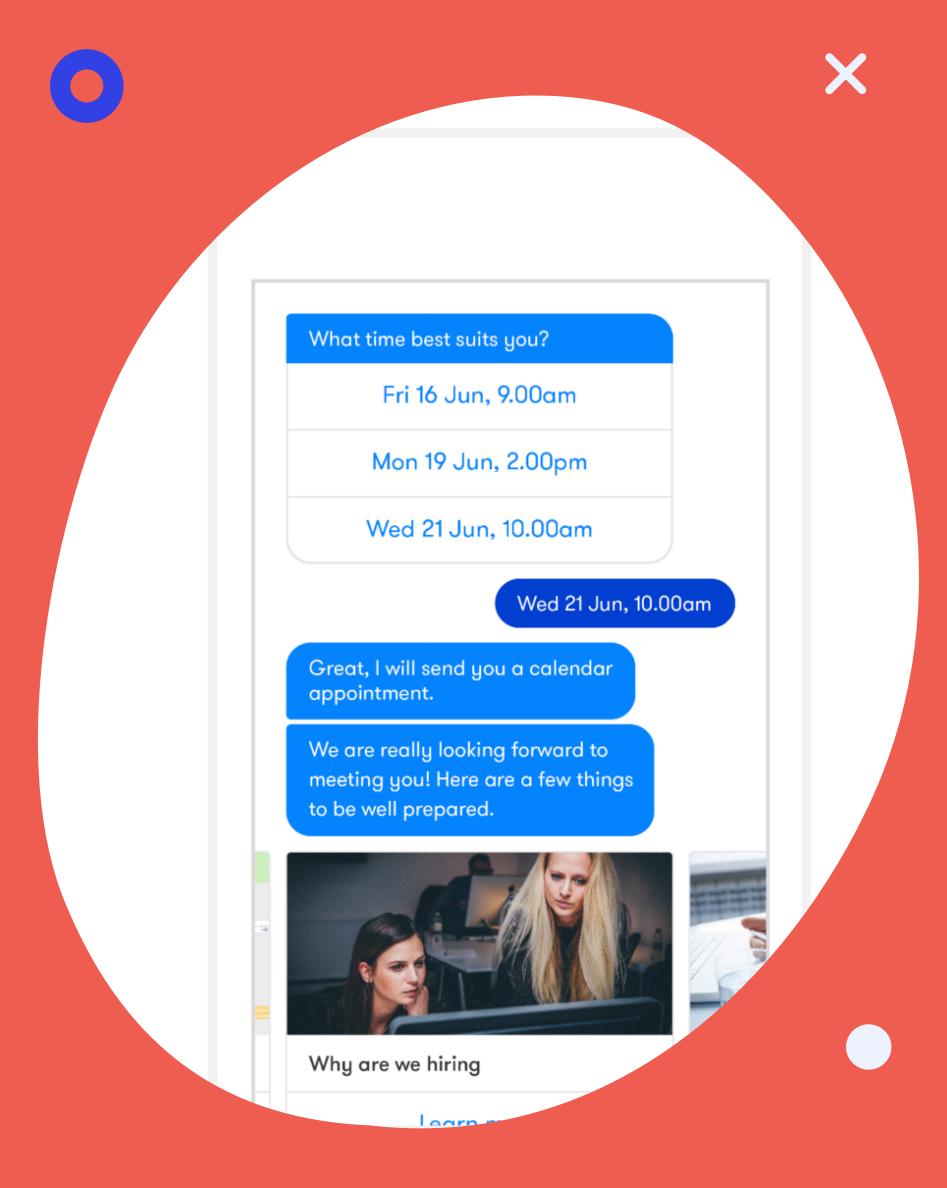

#### Quality Consistency

With no human dependancy, every candidate gets the same quality of service.

#### Force Multiplier ←

Handle multiple requests from different candidates simultaneously.

### MEET HIRING BOT

Qualify more candidates, reduce time-to-hire and improve candidate experience by engaging top talent in quality conversations.

# EMPOWER HIRING TEAMS

#### Automate Repetitive Tasks

Works 24/7 to respond to candidate questions and schedule interviews so teams can focus on more pressing tasks.

#### Enhance Employer Branding

Grab attention by differentiating your recruitment process with a messaging first approach.

#### O Humanize Candidate Experience

Provide real-time, engaging and personal conversations that build relations from the go with candidates.

# Gain Insights to Optimise Processes

Learn continuously from thousands of conversational interactions, to improve hiring and better understand drop offs.
